November 19,2026

To: AY2026 Expected Graduates

Toyofumi MIZUMOTO
Vice President and Trustee in charge of Education and Student Affairs

Shogo KANAOKA
Chair of Career Services Committee

Request for expected graduates to input data into the Career Decision Reporting System

All students expecting to graduate or complete their programs this academic year must enter their plans after graduation or program completion in the Career Decision Reporting System by the deadline below.

This survey is important for understanding students' plans accurately and improving future career support. Please read the notes below and make sure to submit your information.

If your plans have not yet been decided, please enter your current status by the deadline. Once your plans are decided, or if any information you entered changes, please update it promptly.

Please also complete the learning outcomes survey and any other questionnaires displayed after you enter your plans.

Notes

[How to Enter Data] Access the Kumamoto University Portal and follow these steps:
Kumamoto University Portal → "Career Decision Reporting System" → "Career Decision Report"
https://kuss.kumamoto-u.ac.jp/career/login.php

[Deadline] Friday, December 25, 2026

Important Notice

(1) This survey covers all plans after graduation or program completion, including employment with a company, employment in the public sector, and further study. Working students and doctoral students expecting to withdraw after completing their required coursework must also submit their information.

(2) If your plans have not yet been decided, please check page 2 of the separate input instructions and select the option that applies to you. If you plan to work as a teacher but have not yet been assigned to a school, please check pages 7–8 of the instructions.

(3) If you are an international student returning to your home country after graduation or program completion, please enter your plans after returning home.

(4) You can update your information after the deadline until you graduate or complete your program. Once your plans are decided, or if information such as your employer or place of further study changes, please update it promptly.
