

To International Students,

Director of the Headquarters for Admissions and Education

Kumamoto University International House
(Dormitory for International Students) Application

This is to notify international students that the International House for academic year 2025 (Fall Semester) is now open for application.

1. Application Method

Please apply through your academic supervisor who is eligible to download the "Application Format" from the International Residence Management System which is accessible from the campus only. International students before enrolling in Kumamoto University are not eligible to access to the System. Your application will complete when the "Application Format" is registered on the International House Residence Management System.

※ We have moved to a new system since 2025.

2. Register Deadline:

July 18, 2025

* Registration for new application should be done through your academic supervisor, so please send the completed Application Format to your academic supervisor as soon as possible. You will receive an email from the system once it's successfully submitted. If you do not receive the email, please check with your academic supervisor.

* Applicants, who wish to reside in the International House but have not received the examination result yet, should apply before the result. However, their residence permits of those who fail the examination will be cancelled.

* Exchange students under agreements between universities or faculties have priority over the other students. Please take note there would not be enough rooms for all applicants in the case of a lot of applications.

Also, we might not be able to meet your request about room types. The selection results will be announced around the end of August or beginning of September.
